

Drain Seal 42" x 42"

Spill Containment

Spills Happen.
Be Prepared.

Reinforcing mesh resists tearing.

- Reinforced mesh is "sandwiched" between layers of polyurethane – increases durability and resistance to tearing.
- Unique, urethane construction allows the pad to deform and seal off most drains – temporarily "seals" to any smooth surface.
- A valuable addition to any emergency response plan, spill kit or stormwater management program.
- Unlike some alternative products, BOTH sides will quickly seal drains – there is no specified "top" or "bottom".

Drain Seal 42" x 42"

Product Number:	92131
Color:	Orange
Product Dimensions:	42" x 42" x .375"
Product Weight:	23 lbs
Cases/Pallet:	42
Pallets/Truck:	30
Regulations:	A valuable addition to any emergency response plan, spill kit, SPCC, or stormwater management program

NOTE: Not intended for long-term outdoor use (more than two (2) hours), as UV exposure and/or heat for extended periods can degrade the product. For applications where extended use may be required, the Ultra-Drain Seal Plus should be considered.

Due to the nature of softer urethane, the physical properties of these products may change with exposure to certain environmental conditions like temperature, humidity and UV radiation. Regular inspection of the stored product should be done to ensure it is in a usable state

Made in the U.S.A.
